## Frequently Asked Questions

**Is a cake included with the party package?**

Birthday cakes are not included with the party packages. We do offer a cake add-on for an additional charge. If you would like to add a cake, we require at least 3 days notice.

**Can we bring outside food for our party?**

We do not allow outside food and beverages into the park with the exception of cake and ice cream. We do make exceptions to this rule for special diet restrictions. If you have specific questions, please give us a call at the park.

**Do I include the birthday child in the headcount?** Yes

**Is there a height requirement for the go-karts?**

Yes, there is a 56" height requirement for individuals to drive the single-seater go-karts. If a child is less than 56" and he/she is at least three years old and 36", he/she may ride with a licensed driver in the double-seater go-karts. There's no additional charge for the licensed driver. Individuals who do not possess a valid driver's license will not be able to drive others regardless of age (learner's permits do not count).

**How old do you have to be to play Laser Tag?**

The recommended age is 7 years and up.

**How long do parties typically last?**

This depends ultimately on the package that you choose and how busy we are. In general, parties tend to last approximately 2.5-3 hours.

**What is the schedule of the party?**

The schedule for the Adventure Party Packages is as follows: the first 30 minutes of your party will be spent in the arcade—this will allow time for guests to arrive so that they will not miss out on the party. After this time, you'll head upstairs for one hour in the party room where you'll be served pizza, drinks and popcorn by one of our super-friendly party captains. Gifts from your guests can then be opened at this time and cake will be served if you brought one or ordered one with us when you booked your party. Next, you will checkout and pay the remainder of your tab and receive your golf wristbands and attraction passes. At this time, your guests will be able to start one hour of mini golf and finish up with laser tag and/or go-karts. One attraction refers to one ride on the go-karts or one laser tag game.

**How long do the attractions last?**

A single game of laser tag is 7.5 minutes and a go-kart ride is approximately 5-6 minutes. When planning for time, however, we advise that you set aside approximately 15-20 minutes to account for wait time and other variables. An 18-hole mini golf game lasts approximately 30-45 minutes.

**I'm not exactly sure how many guests we will have. How does this work?**

When we make your party reservation, we will be booking it for a tentative number. As the date of your party approaches, you can help us by updating us on your number changes. Upon checking in on the day of your party, you will receive tokens for the number of guests that you are expecting. If you have fewer guests show up (provided that you have the minimum of 8), you can return your unused token cups and the no-shows will be removed from your bill. For example, let's say we plan for 15 people to begin with. You arrive and receive the 15 cups of tokens when you check in. Before going up to the party room, you realize that 3 kids have not showed up. You can return your tokens and have the 3 no-shows taken off your bill. If you're having more people than you originally planned for, we can simply add them on as needed.

**What happens if we have inclement weather?**

You may reschedule your party in which your deposit will carry over to a future date or the kids will be able to play laser tag and arcade games during the party. Those who are too young to play laser tag will be offered additional arcade tokens. If you have any leftover attraction passes or tokens, you or your guests may bring back anytime.

**8 guest minimum for all parties**

\$50 non-refundable deposit required when reserving.

Sorry no personal checks.
